

Our History

Due Fratelli was born out of an old dream of the Simonassi Brothers. Raised in a traditional Italian family, brothers Marco and Thiago Simonassi always dreamed of putting all their love that they already dedicated to the kitchen in meetings with family and friends, so that other people could enjoy the recipes of traditional Italian cuisine .

The family has its origins in the commune of Porto Mantovano, in the province of Mantua, in the heart of Lombardi, Italy from where it left at the end of the 19th century to the region of Santa Theresa, Espirito Santo, Brazil. We have maintained the traditions of Italy on Brazilian soil.

This dream gained strength when Marco married Neurizete who spiced-up this idea. She became the third component of this dream. She is passionate about desserts and sweets. This added sweetness and lightness to what was already planned for its Italian cuisine.

It was in the beautiful city of Setubal that the project started along the banks of the River Sado.

Due Fratelli combines traditional Italian cuisine with Lusitanian passion that corporates the sea and its fruits, thus offering a light and diverse menu with respect to local ingredients. One will enjoy the best in this Italy-Portugal union.

All of our pasta is homemade by using handcrafted utensils and special ingredients, such as bronze wires, special flour, and high quality grain.

We welcome all of you to savor our dishes and desserts at Due Fratelli.

ALL DISHES MAY CONTAIN: GLUTEN, LACTOSE OR NUTS.

OUR PASTA IS SERVED "AL DENTE". IF YOU WISH ANOTHER COOKING POINT, PLEASE REQUEST.
